2 Day Pastel Workshop

“Seascapes”

May 25, 26, 2017

Orchard Christian Fellowship

136 Pillsbury Rd., Londonderry, NH

NOTE: You must bring your own portable easel, and a board to support your paper. The room will be set with 4' X 6' tables and chairs you can move to suit your preference. You can stand at an easel and use the table for your supplies, or you can bring a table easel and sit to work.

LYN DIEFENBACH'S SUGGESTED MATERIALS LIST:

- Sanded Pastel Paper light in colour, Fisher 400, Uart 600, Ampersand Pasteboard or white Kitty Wallis if you can get it. You can decide the size at which you want to work for yourself however I would recommend **18" X 24"**, and no smaller than **12" X 18"**.

- Photographic reference – this can be a single bloom or a number of blooms.
- Photographic reference for Seascape of your choice.
- Come with your composition already drawn with pastel pencil. This is so we can focus on application, as well as recognition of value, colour and edge.
- A small angle brush.
- A selection of both semi-hard and soft pastels – colours pertinent to your subject.
- Easel
- Backing board
- Masking tape
- Paper towels

- Art Guard or Gloves in a Bottle
